F Venues with both indoor and outdoor space will be charged for space at the same rates as above for all indoor space (i.e. subject to a minimum rate of £1,090 and a maximum of £10,815). Outdoor space will be charged at a rate of one tenth that applicable to indoor space, where space is used for staging exhibitions.

G Venues with outdoor space only will be charged for space at a rate of one tenth that charged for indoor space (see A to E above) and subject to a minimum rate of £1,090 and a maximum of £10,815.

H **Group rates:** Where a number of venues are part of the same group of companies, a group rate will be available based on the following fee structure. The total group space rate will be calculated (both indoor and outdoor) across the group of venues using the rates detailed above and subject to a minimum of £1,090. In the event that the total group space rate results in the minimum charge of £1,090 then an additional charge of £275 per venue in the group will be made, excluding the first venue in the group. Where such group rates are applied, individual venues within the group will effectively be treated as individual members for the purposes of member benefits, access to association information, website listings etc.

VAT will be charged on top of these prices for all UK venues.

I All non-UK venues will be charged at the flat rate of £1,380 per venue
